Xi'an Lintong

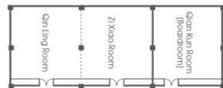

An event with rich history

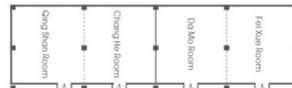

Xi'an, ancient Chang'an, the capital city of Shaanxi Province, Has a history of 5,000 years of civilization, Xi'an is one of the cradles of Chinese civilization, but also the starting point of the Silk Road. In the east of Xi'an, there are the Bahe River and the Chanhe River, in the south there are the Yuhe River and the Haohe River, in the west there are the Zaohe River and the Fenghe River, and in the north there are the Weihe River and the Jinghe River. Therefore, Xi'an has always known as the "8-water around Chang'an". Xi'an, as the first batch of national historic and cultural cities announced by the State Council, One of the eight wonders of the world, the Emperor Qin's Terracotta Warriors & Horses, the Royal Palace Huaqing Hot Spring, the Great Wild Goose Pagoda with its architectural style of the Tang Dynasty, and the Bell Tower... all make this city more attractive.
