

Hacienda Xcanatun
ANGSANA
Heritage Collection

Dear Guest,

In our ongoing commitment to innovation and creating exceptional experiences, we would like to inform you about the continuation of our construction project: **Xcanatun Residences**. This development forms part of a comprehensive plan that will expand the Hacienda's suite inventory while preserving the natural surroundings that define the property.

The project also includes the addition of a multifunctional venue for social events, with capacity for up to 250 guests.

Construction activities are taking place in the perimeter area surrounding the hotel, therefore our facilities will continue operating as usual. However, some noise may be experienced during the following working hours:

Monday to friday:	09:00 a 18:00 hrs
Saturday:	09:00 a 13:00 hrs
Sunday:	No construction work

The project will be delivered in phases. Towers A and B are scheduled for completion in April 2027, while the final tower is expected to be completed in April 2028.

As the project progresses, we will continue sharing relevant updates and notices accordingly.

We sincerely appreciate your understanding and remain at your disposal should you have any questions or require further assistance.

Sincerely,

Claudia Pérez J.
